MEDIA RELEASE

The Safebox Self Storage Sponsored Driver wins the East Anglian Championship

The Safebox Group of Companies, incorporating Safebox Self Storage and Safebox Document Storage, announced a major sponsorship deal with local racing hero Steve Santry back in February this year. As Steve's major sponsor, Safebox are delighted to announce that over the weekend, Steve became the East Anglian Lightning Rod Champion having beaten 18 rivals at the event held at Yarmouth Stadium. His success follows on from the previous weekend when he won both his heat and final races in the Lightning Rod category at Wimbledon stadium.

After a very successful career in Stock Car racing spanning over twenty years and including a number of major accolades including World Champion in 2001 and ranking 1st in the world, Steve has made a major impact following his switch to Lightning Rod Car racing. He has already successfully competed in the Norfolk Championships and last year in the Budweiser Series Championship. His ambition in Lightning Rod Car racing is to win the World Final which will be held in Ireland during August this year.

The Safebox sponsorship deal sees the company's bold black and yellow logo emblazoned across the yellow number 368 Red Top Lightning Rod and signifies the start of a long running relationship between Steve's racing career and Safebox.

Steve has a considerable history with Safebox as its facilities and maintenance management partner through his company, Cheldan Construction. Steve and his team have been involved with numerous projects at Safebox's Cambridgeshire Headquarters and Document Storage facility and was last year responsible for much of the construction and renovation work required for the completion of Safebox's Self Storage facility on Cambridge's Coldhams Lane.

- ENDS -

Notes for editors

Steve Santry

For more information about Steve's current ranking and about Stock Cars visit Spedeworth Motorsports at www.spedeworth.co.uk.

The Safebox Group of Companies

"Trust The Safebox to deliver"

The Safebox Group of Companies incorporates Safebox Document Storage and Safebox Self Storage.

The Safebox Document Storage Company provides secure storage and retrieval services for all forms of archives, data and media storage at their purpose-built dehumidified storage facility. The Safebox provides services to clients across Cambridgeshire, Hertfordshire, Essex, Suffolk and North London, with regular deliveries to Cambridge, Huntingdon, Harlow, Enfield, Bury St Edmunds, Royston, Stevenage and anywhere in-between. The group's ongoing policy of investment ensures The Safebox cares for all your vital data safely and securely. Recent investments include a new fleet of vans complete with the latest Cybit satellite tracking system, bar coding technology, CCTV, access control systems and fire rated bunkers all in a safe dehumidified building.

Safebox Self Storage is Cambridge's premier self storage facility for both domestic and commercial customers. Offering dry indoor 24/7 accessible individually alarmed self storage rooms with state of the art security. The rooms come in a variety of sizes to suit customer's individual needs from lockers to 1000sqft rooms. Ideal for students, house moves, excess stock, expanding businesses or just the need of increased safety and security. The onsite and online box shop can supply all the boxes, padlocks, bubble wrap and more that you would need to protect your possessions.
