MEDIA RELEASE

The Safebox Self Storage Sponsored Driver wins the English Championships

The Safebox Group of Companies, incorporating Safebox Self Storage and Safebox Document Storage, who are the major sponsors for local Lightning Rod racing driver Steve Santry are delighted to report on his success at the English Championships, held at Northampton Stadium over the weekend.

Steve beat thirty four of the top cars in the country, achieving a 3rd and a 12th in the heats and winning the final. The previous weekend, Steve raced at Ipswich and finished 2nd in the final.

Steve commented, "Prior to this win, I have managed to blow up three engines and write off my car. To achieve this win with a car that was built by an entirely in-house team in just two weeks, is fantastic!"

Charlie Schneider, manager of Safebox Self Storage, said. "We are delighted for Steve, given the trials and traumas of the previous weeks! We have been very happy to support Steve and have enjoyed following his successes over the past months. To win the English Championships is a major achievement for Steve and his team, and Safebox is pleased to be part of this."

The Safebox sponsorship deal sees the company's bold black and yellow logo emblazoned across the yellow number 368 Red Top Lightning Rod. Steve has a considerable history with Safebox as its facilities and maintenance management partner through his company, Cheldan Construction. Steve and his team have been involved with numerous projects at Safebox's Cambridgeshire Headquarters and Document Storage facility and in 2008 were responsible for much of the construction and renovation work required for the completion of Safebox's Self Storage facility on Cambridge's Coldhams Lane.

- ENDS -

Notes for editors

Steve Santry

For more information about Steve's current ranking and about Stock Cars visit Spedeworth Motorsports at www.spedeworth.co.uk.

The Safebox Group of Companies

"Trust Safebox to deliver"

The Safebox Group of Companies incorporates Safebox Document Storage and Safebox Self Storage.

Safebox Document Storage Company provides secure storage and retrieval services for all forms of archives, data and media storage at their purpose-built dehumidified storage facility. Safebox provides services to clients across Cambridgeshire, Hertfordshire, Essex, Suffolk and North London, with regular deliveries to Cambridge, Huntingdon, Harlow, Enfield, Bury St Edmunds, Royston, Stevenage and anywhere in-between. The group's ongoing policy of investment ensures Safebox cares for all your vital data safely and securely. Recent investments include a new fleet of vans complete with the latest Cybit satellite tracking system, bar coding technology, CCTV, access control systems and fire rated bunkers all in a safe dehumidified building.

Safebox Self Storage is Cambridge's premier self storage facility for both domestic and commercial customers. Offering dry indoor 24/7 accessible individually alarmed self storage rooms with state of the art security. The rooms come in a variety of sizes to suit customers' individual needs from lockers to 1000sqft rooms. Ideal for students, house moves, excess stock, expanding businesses or just the need of increased safety and security. The onsite and online box shop can supply all the boxes, padlocks, bubble wrap and more that you would need to protect your possessions.
